

Kongl. Myntet.

Stockholm June 9th 1892

Hon. W. W. Thomas, Jr.,
United States minister
Stockholm

My dear Sir.

According to your wish I have posted a parcel, containing a complete set of Swedish coins in gold, silver and bronze, to Mr A. C. Basyshell, superintendent of the mint in Philadelphia U. S. A. -

Among the required coins are a silver coin of 40 öre, but this denomination has never been coined, and a bronze coin of 10 öre, which must be a mistake, because we have no bronze coin of that value, if the

superintendent does not prefer to consider the 10-one pieces as bronze coins in consequence of their low standard of silver (40%) and high alloy of copper (60%).

Enclosed I have the honour of sending you an account of the expenses, and returning Mr B's letter
I remain very respectfully,
Your obedient servant
E. Prescott
